(917) 710-7765

Michelle Lewis

**We are thrilled to sponsor the high school art exhibit at the Art Guild.**

We have a demonstrated track record (20 years of experience) of success with college admissions, college application preparation, tutoring, interview prep and, most importantly, helping children gain confidence and become the best versions of themselves.

We help students break through barriers to achieve their potential and identify and develop their passions.

We build confidence and success through our individualized and stress-free approach. Please contact us for a free consultation at [michelle@squarethecircles.org](mailto:michelle@squarethecircles.org).
